

WATER WISE RULES ACTIVITY SHEET

WATER WISE RULES APPLY ALL YEAR ROUND

THREE KEY RULES:

1. All hand held hoses must have a trigger nozzle attached.
2. Watering with a sprinkler, irrigation system or hose is permitted any day before 10am or after 4pm. This avoids the hottest part of the day when water wastage occurs due to evaporation.
3. No hosing of hard surfaces such as concrete, paths and driveways. Use a broom instead.

Insert these words and phrases into their correct place within the Water Wise Rules:

- Water your lawn
- Wash a vehicle
- Firefighting
- Use a sprinkler
- Use a watering can
- Sports grounds
- Hose your garden
- Sweep hard surfaces
- Fill a bucket
- Top up or fill a pool
- Irrigate
- Rainwater or bore water
- Hoses must have a trigger nozzle

4PM TO 10AM

These actions can be performed any day before 10am or after 4pm. This avoids the heat of the day when water wastage occurs due to evaporation.

ANYTIME

These actions can be performed at any time. Remember, hoses must always be used with a trigger nozzle, whatever the action or time of day.

EXEMPTIONS

Hunter Water's supply can be used in the event of, or to prevent, an accident, health hazard, surface discolouration or environmental issue.

You can always use water to defend property from fire or test fire protection systems.

Watering systems can be used to establish new lawns and gardens for up to 14 days from installation.

Other exemptions apply. Visit hunterwater.com.au/waterwise to find out more.
